Political Risk Insurance for Mining Projects - the Risk Takers' view

Friday, 6 September 2019 - 09h00 to 10h30

Political Risk Insurance is an essential part of doing business in Sub-Saharan Africa, yet is still not widely understood. What is the process behind underwriting PRI (equity and debt) on a mining project and what are the factors influencing market capacity for the risk?

Hear first-hand from our panel of experts as we explore in-country considerations, insureds' profiles, mine/project data, claims processes and case studies that ultimately drive underwriter appetite and determine appropriate cover.
