

DRIVE SUCCESS THROUGH STRONGER SOCIAL LICENCE TO OPERATE

FUNDERS, GOVERNMENTS AND INSURERS INCREASINGLY WANT TO SEE THAT A MINE HAS A SOCIAL LICENCE TO OPERATE (SLO) WITH ITS LOCAL COMMUNITY. IT IS ASSURANCE THAT A MINE WILL OPERATE SMOOTHLY AND EFFECTIVELY RESULTING IN PROFIT GROWTH.

Join Business for Development for an interactive learning lab where we will discuss

- what is best practice in the resource sector in building SLO
- your operations' current community development work and what stumbling blocks you have faced and why
- what the finance sector is looking for from mining companies to demonstrate SLO
- what strategic approach can be taken to meet both the finance sector's requirements and the communities' desire for positive impact.

20 spots available for this Learning Lab breakfast. For more information contact Trish O'Reilly on +61 401 843 513

Business for Development designs and implements community development programs around the world with a focus on economic empowerment. As a result, our mining company clients have empowered their local community economically, developed the social licence to operate, created non-mine reliant employment and sowed community investments that will last beyond the life of the mine.
